You will visit some of the best vineyards set amidst the raw powerful landscape of this region and taste the different varietals in each of their cellars. In one vineyard (based on availability) the senior member can be a family member or the winemaker who will take you through their winemaking process and talk about their winery's history. Most of us do not get to experience raw & untouched wilderness. So, get ready for a 4WD wild country safari that is designed by nature.

Words fail to describe this spectacular adventure that takes you through a West Wanaka High Country Station (station is another name for a large alpine farm). You will travel on exclusive private roads, learn the local & natural history of the land while enjoying yarns about farming life that will leave a deep and lasting connection with the land. Along the way, at a vantage point, you will stop to take in the views while enjoying a picnic lunch.

After the safari, enjoy your evening in Queenstown or if you prefer, your driver/guide can bring you to quaint Arrowtown, a former mining town, on your way back.
